Commercial and Money Matters. TUESDAY P. M. There was a fair amount of business done at the Brokers' Board, and generally the market was firm at yesterday's rates. Hariem improved her cent., and the brokers appeared to think that Mon. Watt had come again. Stonington advanced 1. Delaware fell off 1.

The sales of State Securities were confined to Ohio and Indiana. Ohio Sixes, 1860, improved 1 per cent., selling at 733. Other stocks were firm. For the packets to-morrow there has not been a great deal done. The principal business has been in Continental. The sales of Francs have been to fair extent at 5.35, with a few bills at 5.332. Amsterdam we quote 39 a 391; Bremen 75} a 752; Hamburg 341 a 35; Sterling 7 a 74. The supply of bills is not large.

In Inland Exchange there is rather more doing. Good demand for Virginia at 11 a 11. Mobile is rather better, and could be sold at 22 discount. Central is worse, selling at

The Monmouth County (N. J.) Bank, which we cautioned our readers against some days since, suspended paymen to-day on \$5. It was a legitimate shinplaster concern, never had any Bank in Monmouth, but had agencies at Buffalo and Troy, where the bills were pushed off in every possible way. A concern of straw in Wall-street, under the title of Earl & Co., who are believed to have been concerned in the exploded Washington Bank, have until to-day with much difficulty contrived to redeem the small amounts circulated. As the notes have been in bad odor for some time past, the public have not probably been swindled to any great extent.

Thompson's Bank Note Reporter, which, by the way, is one of the best, if not the best, of its class of publications, charges the authorship of the article in the Albany Argusin relation to the safety fund upon a well known bouse in Wall-street. It states that this house and the Albany Banks held about \$500,000 of these notes. Mr. Blatchford, Receiver of the Commercial Bank, says that the Bank will never repay one dollar to the safety fund. The Lafayette and Lewis County Banks were not included in the Comptroller's estimate, and should not have been included in the Argus's article. The time to: the Banks to pay the whole tax in advance runs out on the 12th proximo, after which it is thought the discount will be greater. Bicknell's Philadelphia Reporter says:

Very little change in the money matters of Philadelphia. The out-door rates may be quoted, as heretofore, at from 7 to 9 per cent, for good paper. The brokers have very little to do, inasmuch as the Banks discount all short paper of unexceptionable character that is presented to them.

 The New-Orleans papers ridicule the idea promulgated

by the Journal of Commerce that the Bask of England is about to establish an agency there, or that Bank of England notes are plenty. The Courier says: "We are to the Banks of this city, with one exception, have procured specie enough to comply with the terms of the law, which re quires all Banks to have one dollar in specie for every three dollars of their paper in circulation. The Bank which still remains in default can comply with the law by purchasing or procuring a little over \$100,000; and, as specie is about to be brought here in large quantities, we presume the Directors will not miss the opportunity for placing their Bank in a condition to comply with the law. Of course, what is said here will not be considered as applicable to the Banks in liquidation."

Ten dollar counterfeit notes of the Bank of Norwalk, Ohio, are in circulation in Cincinnati. Date June 1st, 1838, letter A, signed E. Lane, President, John Gardner, Cashier. The Rank has no issues signed by Gardner, Cashier, and none as late as 1858 with Lane's signature.

An agent of the Nashville Banks in Mississippi, who has notes to the amount of \$60,000 to collect, has written home that he cannot even get money enough to pay his traveling expenses, and requesting that a small sum be forwarded him to pay his way.

At St. Louis business is very much depressed. One house had been selling exchange at 10 per cent for City Scrip, out had refused to seil more. Every day the difficulty of obtaining specie funds is increased. Illinois State Bank paper 37c to the dollar. Shawneetown 35c. Quotations nomnal. Exchange on the East 11 a 11 for specie. The Perpetual and Messrs. Benoît & Co. have met the payment of their deposits, i. e. their Se day certificates, and, as well as the Gas Light reduced their liabilities to their depositors to a very low amount.

The planters in Fayette, Cometa, Troup and Talbot Counties, Ga. have determined to sell their Cotton only for goods funds, and not to take Central money. Markets.

ASHES .- There are rather more offering to day, but buyers are not very plenty, and the market generally cannot be considered very firm. About 75 to 100 bbls. Pots were taken at \$5 571, and 40 do. Peurls at \$5 75, which is the market price, although a very prime parcet of 74 bbls. brought \$5 874.

COTTON .- The demand is not so active to-day, and confined almost exclusively to spinners. Exporters seem o have left the market. The sales have reached about 500 bales, at full rates. We quote Mobile 64 a 94; fair 94; New-Orleans 61 a 91; fair 91 a 91; Upland 61 a 91; fair 81; Florida 61 a 81.

FLOUR .- This being Tuesday, there are no boats in this norning, and the receipts not having been large yesterday, the stock remaining affoat is small. A large proportion of the receipts are Genesee, and we believe there is no round Ohio or Michigan afloat. The demand for the former is good for shipment to the British Provinces. The rate today has been \$4 75 a \$4 314 for Genesee and Ohio, which is a further decline. Most holders ask \$4 811 for Genesee, but sales have been made at \$4 75, including a lot of 500 bbls, for the British Provinces. A parcel of 400 bbls. Ohio, for shipment, extra brand, brought \$4 874, a decline of 121c. Troy we quote \$4 75. One or two small lots Michigan and Ohio sold at \$4 69. About 1,600 bbls. good brands Genesee, which had been wet by the sinking of a tow-boat, sold at \$4 a \$4 25. In Southern there is not much doing. A sale of of 300 bbls. New-York, from Southern Wheat, was made for shipment at \$4 75, which is a decline of 6d. per bbl. New

studiously aimed at in the production of a perfect article

it needs only to be stated that the foundation or body is

manufactured from the finest description of stock, and the

plush or covering of the finest quality silk, than which, it

will readily be admitted, there is nothing of the nature
